

# BRITISH JOURNAL OF AUDIOLOGY

An international journal of audiological science and practice

**267**

Assessment of aided ABR thresholds before cochlear implantation  
*J. Garnham, Y. Cope, C. Durst, B. McCormick and S.M. Mason*

**279**

Community-based validation of the  
McCormick Toy Test  
*J. Harries and T. Williamson*

**285**

Audit of 5-year post-implantation routine integrity tests performed on  
paediatric cochlear implantees  
*J. Garnham, Y. Cope and S.M. Mason*

**293**

Auditory perception and speech identification in  
children with cochlear implants tested with the EARS protocol  
*J.H. Allum, R. Greisiger, S. Straubhaar and M.G. Carpenter*

**305**

Technical Note  
Effects of sample size on the reliability of noise floor and DPOAE  
*R.C. Beattie and J. Bleech*

**311**

Technical Note  
Audiometer calibration: interpreting and applying the standards  
*G.R. Lightfoot*

**317**
